

**Amendments to the Specification:**

On page 9, please replace the third paragraph with the following rewritten paragraph:

Referring now to Fig. 2, an exemplary environment for implementing embodiments of the present invention includes a general purpose computing device in the form of a computing system **200**, including at least one processing system **202**. A variety of processing units are available from a variety of manufacturers, ~~for example, Intel or Advanced Micro Devices.~~ The computing system **200** also includes a system memory **204**, and a system bus **206** that couples various system components including the system memory **204** to the processing unit **202**. The system bus **206** might be any of several types of bus structures including a memory bus, or memory controller; a peripheral bus; and a local bus using any of a variety of bus architectures.
